Address of welcome by noted local Irish orator. Portrait in fire of famous Irish leader. Something doing every minute of six great days and nights. Big Exhibits! Big Amusements! Big Fireworks! Big Music! Help swell the week's attendance to a quarter in this great week.

WITHOUT OFFICERS

But Otherwise a Good Meeting of Division 4, A. O. H.

The meeting of Division 4, A. O. H., Monday evening, although a good one from a financial standpoint was noticeable for the fact that Financial Secretary W. J. Connelly was the only officer present. The meeting was called to order by Thomas Lynch and John H. Hennessy was elected temporary President, John O'Connor, Jr., as Vice President, and John J. Barry as Recording Secretary. The relief committee reported that the entire division was free from illness. President Hennessy obligated Richard Tallon and the applications of George Flahive and Morton Tully were received and referred to investigating committees.

Division 4 now has about eighteen or twenty candidates awaiting initiation and the Secretary has been instructed to compile a full report of their names and the respective investigating committees for each applicant. An effort will then be made to present them for an early initiation. In all probability Division 4 will soon change their headquarters to a hall in Limerick, their old stamping ground, and which is a fertile field for the building of a big division.

LETTER CARRIERS

Louisville Will Be Ably Represented at National Convention

The Falls City Branch of the National Association of Letter Carriers and the State at large will be ably represented at the national convention next week at Canton, Ohio. Charles I. Carrithers, Louis Borntraeger and William W. Davis, representing the local body, and Walter S. Emmons, delegate from the State at large, with Abraham Schoenfeld as a guest of the delegation, leave tomorrow morning for the convention city. The convention will meet Monday and be in session until Saturday night, September 7. Kentucky's delegates expect to lead the simple life and put in a week of very strenuous work for the carriers of the country. Returning they will stop over at Cincinnati and explore the Queen City for several days.

ENCYCLICAL EXPECTED.

It is reported that Pope Pius is about to follow up the recent syllabus with regard to so-called modernism in the faith with an encyclical condemning all modernist errors.

NOW JACK TAR.

John J. McGinty, who has resided here all his life and is well known, left last Sunday for Norfolk to enter the United States navy. Eight other Kentuckians enlisted with him last week at the Louisville recruiting station. McGinty will give a good account of himself.

SCHOOLS OPEN MONDAY.

The parochial schools of Louisville will open Monday, but the session will be a short one. Parents are urged to send their children to these schools, as it is only by them that they will receive training in their religion, which is of the utmost importance.

WANT HIM BACK.

Patrik Finegan, former turnkey at the jail, and for several years past with the L. & N. railroad machine shop, left Wednesday to accept a position at his trade in St. Louis. Pat's many friends here hope that his stay will only be temporary, as they all miss his sunny and genial companionship.

CATCHING TURTLES.

Sergeant James McLaughlin, of the New Albany police department, noted as a hunter and fisherman, has been spending his summer vacation this week on Mosquito creek in Harrison county, devoting the time to catching turtles and hunting squirrels. Should he make a good catch a big supper will follow for his friends.

CATHOLIC JUBILEE.

The celebration of the golden jubilee of Catholicity in Sioux City has been fixed for Sunday, September 8, which will also be the third anniversary of the dedication of the Cathedral. It was at first intended to hold it on Wednesday, September 11, but the great attractions offered at the Inter-State Fair, which will be held there during that week, would interfere with its proper observance. The dedication of the Sacred Heart church at North Riverside will probably take place on the afternoon of the same day.

SOCIETY DIRECTORY.

A. O. H.

DIVISION 1.
Meets on the Second and Fourth Friday Evenings of Each Month.
President—Thomas D. Cline.
Vice President—James J. Kilkelly.
Recording Secretary—Thomas Keenan, Jr.

September 2.—St. Paul's church picnic at Phoenix Hill Park.
September 3.—Trinity Church, Y. M. L. watermelon feast at club house.
September 4.—St. Aloysius' church, Pewee Valley, euchre and supper.
September 5.—Euchre at Mercy Hospital in Jeffersonville.

RETURN FROM ITALY.
Anthony Montedonico and wife, who have been making a long visit in Italy, arrived in Louisville Thursday, and are the guests of Mr. and Mrs. Al Kolb. Mr. and Mrs. Montedonico will make their home here and will reside on Sixth street.

ERUPTION OF VESUVIUS.
The State Fair management has closed a contract with Payne's Pyrotechnic Company for a reproduction of the big Eruption of Vesuvius during the big exhibition here September 16-21. This is one of the greatest fire work spectacles ever produced in the United States. It is expected to prove a big attraction. The Fair management this year will award \$25,000 in prizes among the exhibitors.

To keep ants from any dish or pail draw a circle of chalk around it.

CHILD LABOR

In All Its Forms to Be Fought by American Federation.

The Executive Council of the American Federation of Labor determined Saturday to prosecute with greater vigor than ever a campaign before all State Legislatures for the abolition of child labor in all its forms, the fight to be against the employment of any child under fourteen years old at any gainful employment for profit, this not to include the employment of a man's own children on his farm. This is one of the principal matters that was to be taken up by President Gompers before the joint committee of the Massachusetts State Legislature at Boston, August 27.

All civic organizations will be asked to co-operate with the Federation in an effort to have the Congress enact some stringent immigration laws providing for the exclusion of Asiatic laborers of every description. President Roosevelt and Congress were asked to investigate the cost of buying the telegraph lines for Government ownership.

MISTAKES

That Are Common as to Characteristics of Irish People.

The accepted Irish type of the masses—the stage Irishman—may be amusing, says the Outlook, but he smacks also of indolence, thriftlessness, a tendency to drink and even a lack of certain primary virtues. Fortunately these failings are not characteristic of the Irish people as a whole. In every quarter of the globe Irish men and women have shown themselves to be workers; if they have not displayed the same energy at home it is because of the general agricultural oppression and depression, because of unsanitary dwellings and insufficient food.

As to drink, contrary to the general supposition, the Irishman spends a less average on it than does the Englishman or Scot; moreover the Irishman spends more on beer than on spirits, the contrary being true of the Scot. Furthermore and even more surprising to many, statistics show the Irish to be less criminally inclined than the inhabitants of Great Britain; in particular, as to sexual morality, the stranger in Ireland is invariably surprised by the rectitude of the people.

In 1841 Ireland's population was estimated at 8,100,000; in 1901, at 4,400,000. Thus in sixty years the population fell by nearly 4,000,000. America has won what Ireland has lost. But this is not all. Quality as well as quantity is involved. The emigrants have generally been in life's full vigor; most of those who have remained have been physically, mentally and industrially deficient. Meanwhile, the burden of taxation has enormously increased. Is it surprising then that, with the exception of France, Ireland's birth rate should be now the lowest in the world?

WILL STOP ACHE.

Dampen a small piece of cotton with oil of sassafras and put in cavity of tooth and in most cases immediate relief from toothache will follow.

NICE OCEAN TRIP.

Col. F. J. Herrmann, Chairman of the Sinking Fund Commission, received a letter Tuesday from Paris stating that Mr. and Mrs. Michael Herrmann had a nice ocean trip and were safe in the French metropolis. Mr. Herrmann is the French Consul in Louisville and will remain in Paris for several weeks on consular business. Before returning he will visit his old home and the friends of his boyhood days.

FILTERING WATER.

As efficient a filter as can possibly be secured may be made in a few minutes by anyone at the cost of a few cents. Take a new flower pot, close the opening in the bottom with a piece of sponge, on top of which place a layer of small stones, previously well cleaned. The layer should be about two inches deep; the upper stones should be smaller. Next procure some freshly burnt charcoal, which has not been kept in a damp or ill-aired place. Reduce this to a powder and mix it with twice its bulk of sharp, cleanly-washed sand. With this mixture fill the pot to within a few inches from the top, cover it with another layer of small stones and place a piece of flannel around the rim. The flannel should be large enough to tie around the pot and also to leave a little hollow in the center. The charcoal should be renewed about twice a month.

To bleach a garment hang it on the line during nice weather and let
